

THE GOOD STUFF

LAZRUS Golf LAZ2.5 Zero Torque Putter

Zero torque putters are everywhere, but they usually come with a hefty price tag. The LAZRUS Golf LAZ2.5 is a clean-looking mallet putter that delivers impressive stability and consistency. With a soft metal face, it delivers a true feel, leading to rock-rolling splendor! Five colors to choose from.

Hide the Rum

Master distillers across the Caribbean bring two unique rum offerings from Palm Republic. Silver, is an 80-proof rum that can be sipped or featured in a cocktail. The Aged Rum is 92-proof and presents a bit more complex, like a bourbon, also delicious.

\$45-\$50

Vest Above the Rest

For dudes under six-foot that like wearing vests, Nicholas James hears us. This Performance Vest is designed for a shorter stature, it won't bunch up, and you can layer it. Lightweight, water-resistant, and easy to wash. It's good to feel seen.

Celebrating The Commons

Sand Valley's online pro shop brings the rugged spirit of the world-class Wisconsin resort straight to your screen.

Featuring premium, tastefully branded gear from top-tier brands like Greyson, Peter Millar, and Imperial, the intuitive site makes it seamless to grab high-performance tech polos, structured snapbacks, and lifestyle accessories.

The Commons Collection celebrates the opening of Sand Valley's newest course.

It debuts a fresh logo inspired by the Kirtland's warbler—a rare songbird native to the region—making it the perfect way to commemorate the resort's latest chapter.

The Oasis of Style

Inspired by the calm and bold character of desert golf, Ben Sherman's SS26 Desert Island Golf Collection merges signature style with technical innovation across two distinct color stories: cool blues with soft pink accents, and earthy greys mixed with sunset tones.

Scenic print polos, checkerboard-textured quarter-zips, and neoprene pullovers feature club-inspired graphics. Solid polos are made from breathable nylon-spandex mesh and feature hidden jacquard prints under the collars.

Ultimate Precision Rangefinder

The Cobalt Q-Z6 stands out with a first-of-its-kind adjustable 6x-12x optical hardware zoom. Built with a rugged magnesium chassis and IPX7 waterproof aluminum housing, it doubles as an elite distance evaluator and a high-performance monocular for scouting hazards.

It offers a simple one-button layout, a brilliant red projection display, and slope-compensated yardage (toggable for USGA compliance). Proprietary PinSense and Surge technologies deliver a haptic vibration to confirm flag lock.

Relax Like the Fins Do

The Finnish Long Drink (lonkero) is a crisp, carbonated ready-to-drink beverage blending gin with refreshing grapefruit soda. Created for the 1952 Helsinki Summer Olympics to help bartenders serve massive crowds quickly, the category skyrocketed stateside after launching in 2018. Clocking in at 5.5% ABV, it skips the heavy sweetness of malt-based seltzers, offering a tart, dry citrus bite and effervescent finish that makes it exceptionally crushable on or off the golf course.

Power Behind the Profile

The PING i540 irons revolutionize the players-distance category, packing high-flying horsepower into a clean, compact profile. At its core is patent-pending inR-Air™ technology, an internal air pocket that filters out harsh frequencies for a crisp, solid "thud" at impact without the dead feel of traditional polymer fillers.

A forged, variable-thickness C300 maraging steel face welded to a 17-4 stainless steel body creates metal-wood-like flexing for explosive ball speeds and tight dispersion. The profile features a thin topline, minimal offset, and narrow sole.
